

# CALLING ALL RUTGERS GRADUATE STUDENTS!

SUBMISSIONS ARE NOW OPEN FOR THE SPRING 2023

## GRADUATE RESEARCH SYMPOSIUM

MAY 2, 2023, 1–5 pm

This semester's symposium invites graduate students from all disciplines to share their work in progress with a friendly and supportive audience. Graduate students at any stage of their academic careers are encouraged to participate in this public speaking, professional development, and networking event.

We encourage the submission of works in progress on any topic. Abstracts should be tailored for a non-specialist but still academic audience, addressing the broader implications and motivating factors of your research.
